Please review the following Terms & Benefits before reserving your membership.

Membership Eligibility

Founder's Memberships are limited-time introductory offers available exclusively to new EverLife clients.

To qualify:

How Your Founder's Membership Works

Reserving your Founder's Membership is a simple two-step process:

Step 1

Complete the Founder's Membership Reservation Form for your selected membership level.

Step 2

After submitting your reservation form, you will be automatically redirected to EverLife's secure online booking system to schedule your qualifying appointment(s).

IMPORTANT Submitting the reservation form alone does not reserve or activate your membership.

Your Founder's Membership is confirmed only after:

- Your qualifying appointment(s) have been successfully scheduled.
- Your required deposit has been received.
- Your eligibility requirements have been verified.

Membership benefits become active only after all reservation and booking requirements have been completed.
